ABOUT THIS RESOURCE:

This pack includes 15 Roll and Read pages. Each page has six decodable sentences that focus on Short E CVC words. Students will roll a six-sided die and match their roll to that sentence. Then they will read the sentence.

There are two versions of the activity. The first version has three numbered tracking dots at the end of each sentence. Students will color or check a numbered dot after they read each sentence. I also included a version without the dots.
